VAGTC Parent Seminar 2020: Preston

The VAGTC are pleased to be able to offer the first of the Parent Seminars for 2020

Are you parenting a student who is Gifted and Talented?

Are they of high ability, or high potential, maybe creative, achieving musically, in sport or another endeavour, emotionally and socially energised, experiencing challenge along with strengths (2e), or of above average intelligence with a commitment to succeed; or possibly under-achieving and needing a challenge?

You might be surprised to learn you have a gifted child.

This seminar shares current theorists' definitions of giftedness, and how we understand and support these young people.

- Working Collaboratively With Schools and Teachers
- Individual Learning Plans
- Learning Strategies
- Programs

Cost:

\$25 for Non Members

Free for VAGTC Members

Free for Parade College Parents
